By submitting this application, I understand and acknowledge that:

1. I have read and will comply with the requirements listed in the Declaration of Covenants, Conditions and Restrictions, as amended, for the Putteet Hill subdivision, the Rules & Regulations, and the Minimum Design & Construction Standards, and the ByLaws of the Putteet Hill Homeowners Association, Inc. (The "Governing Documents" available from the Association.)
2. I have been provided a copy of the Declaration of Covenants, Conditions and Restrictions, and the Rules & Regulations and this ACC Application and the Minimum Design & Construction Standards for the Putteet Hill Addition and the Putteet Hill Homeowners Association, Inc. to my Contractor.
3. United Cooperative Electrical Services has asked the developer of Putteet Hill to advise Buyers that "if the home's electrical meter is located further than 200 feet as measured by the length of the electrical service from the transformer to the electrical meter, then the homeowner will incur an additional one-time construction expense for the initial service paid to the electrical provider".
4. When this ACC Application is approved, I will provide a copy of this application to my contractor. (If a culvert is to be installed, the approved application will include the required size of said culvert, per engineering for the development.) And, I will advise my contractor that all home contractors must sign this document and the Governing Documents, and abide by them, subject to the ACC's enforcement.
5. The Architectural Control Committee (the "ACC") has up to 30 days to review this application when complete. The ACC will not process an incomplete application. If the ACC requires additional information, the 30-day period for approval starts over when the revised document(s) is/are resubmitted by Applicant to the ACC.
6. After approval, any subsequent alterations to the proposed Dwelling(s) or Improvement(s) will be submitted to the ACC for approval prior to implementation of alterations.
7. No work will commence without written approval from the ACC.
8. In the event that a Stop Work Order is issued, all work on the Lot will stop pending resolution of the issue as stated in the Stop Work Order.
9. Work must start within 180 days of approval by the ACC.

Putteet Hill Homeowners Association

Architectural Control Committee (ACC) Application

ARCHITECTURAL DESIGN & CONSTRUCTION APPLICATION

10. Granting of approval by the ACC shall in no way serve as a guaranty or warranty as to the quality of the plans or specifications, nor the habitability, feasibility or quality of the resulting Dwelling(s) or Improvement(s).
11. Inspections by the ACC are completed only to confirm compliance with approved applications, including placement on the Lot, culvert size and installation, minimum construction standards, and the Governing Documents for the Putteet Hill subdivision and the Putteet Hill HOA.
12. Non-compliance with the Declaration of Covenants, Conditions and Restrictions, the Rules & Regulations and the Minimum Design & Construction Standards and/or this application, may result in a fine to the Lot Owner.

Owner must submit all construction plans in PDF form. Plans must include the following

- Site Plan with Square Footage of Structures, and location of Structures, Driveway, Propane Tank, Septic, Water Well, Fences, Walls, Sheds, etc.
- Elevations (with height and exterior materials), Floor Plans, Roof Plan
- Storm Drainage Plan
- Setbacks and Footprints and Height Dimensions

Please submit the application via email to: JHallGranDevelopment@gmail.com
